

**African Climate Change Fellowship Program (ACCFP) Advanced Policy
Training**

January 18-22, 2016

University of Dar es Salaam, Tanzania

Day 1: Monday, 18 January 2016

Time	Activity and Responsible person
8:45am–9:00am	Fellow registration
9:00am–9:30am	Welcome and agenda for ACCFP Advanced Policy Training
9:00am–9:10am	Representative from UDSM
9:10am–9:20am	Edith Adera from IDRC
9:20am–9:30am	Niki West or SenayHabtezion from START
9:30am–10:30am	Interactive game Facilitators: START Objective: To reacquaint fellows with each other and share current understanding of module topics
10:30am–10:50am	Coffee and tea break
10:50am–12:15pm	Gender and Climate Change Facilitator: Jane Takang Objective: Understand overall gender dimensions of climate change in Africa Participatory Activity 1: Participatory Activity 2:
12:15pm–1:15pm	Lunch
1:15pm–2:45pm	Gender and Climate Change Facilitator: Jane Takang Objective: Analysis of gender-based vulnerabilities and climate adaptation responses that address gender equality and women’s empowerment Participatory Activity 1: Participatory Activity 2:
2:45pm–3:00pm	Coffee and tea break
3:00pm–4:30pm	Gender and Climate Change Facilitator: Jane Takang Objective: Analysis of case study of gender and climate change related to agriculture Participatory Activity 1: Participatory Activity 2:
4:30pm–5:00pm	Wrap up discussion and activity Facilitators: START

Day 2: Tuesday, 19 January 2016

Time	Activity and Responsible person
9:00am–10:30am	Water and Climate Change Facilitator: Victor Kongo Objective: Understand impacts of climate change on hydrological regime and water quality and implications for agricultural adaptation in Africa

Time	Activity and Responsible person
	Participatory Activity 1: Participatory Activity 2:
10:30am–10:50am	Coffee and tea break
10:50am–12:15pm	Water and Climate Change Facilitator: MzimeMurisa / Edith Adera Objective: Understand impacts of climate change on river basin and wetland ecology implications for livelihood adaptation Participatory Activity 1: Participatory Activity 2:
12:15pm–1:15pm	Lunch
1:15pm–2:45pm	Water and Climate Change Facilitator: Victor Kongo / Edith Adera Objective: Water sector governance under climate change and case study analysis to learn use of participatory approaches and geospatial systems for community catchment monitoring Participatory Activity 1: Participatory Activity 2:
2:45pm–3:00pm	Coffee and tea break
3:00pm–4:30pm	Water and Climate Change Facilitator: MzimeMurisa / Edith Adera Objective: Understand impacts of climate change on transboundary river basins and governance, policy, and planning mechanisms for better transboundary water resource management Participatory Activity 1: Participatory Activity 2:
4:30pm–5:00pm	Wrap up discussion and activity Facilitators: START

Day 3: Wednesday, 20 January 2016

Time	Activity and Responsible person
9:00am–10:30am	Economics of Adaptation to Climate Change Facilitator: Paul Watkiss Objective: Provide overview of economic assessment of climate change impacts and adaptation in Africa as well as economic methods used in assessments. Present case studies for Kenya and Rwanda assessments. Participatory Activity 1: Participatory Activity 2:
10:30am–10:50am	Coffee and tea break
10:50am–12:15pm	Economics of Adaptation to Climate Change Facilitator: Wilfred Nyangena / Paul Watkiss Objective: Examine economic assessment of specific sectors in Africa. Discuss investment and financial flows for climate change adaptation. Participatory Activity 1:

Time	Activity and Responsible person
	Participatory Activity 2:
12:15pm-1:15pm	Lunch
1:15pm-2:45pm	Green Growth and Climate Change Facilitator: Wilfred Nyangena Objective: Overview of green growth, concepts, relevant economic concepts, market-based and fiscal policy instruments Participatory Activity 1: Participatory Activity 2:
2:45pm-3:00pm	Coffee and tea break
3:00pm-4:30pm	Green Growth and Climate Change Facilitator: Nicholas Ozor Objective: Overview of green growth in Africa, role of innovation and technology (green innovation and industrial policies); case studies on specific sectors and countries Participatory Activity 1: Participatory Activity 2:
4:30pm-5:00pm	Wrap up discussion and activity Facilitators: START

Day 4: Thursday, 21 January 2016

Time	Activity and Responsible person
9:00am-10:30am	Green Growth and Climate Change Facilitator: Wilfred Nyangena Objective: Integrating green growth into strategies, policies and plans; case study of strategic environmental assessment in Kenya Participatory Activity 1: Participatory Activity 2:
10:30am-10:50am	Coffee and tea break
10:50am-12:15pm	Green Growth and Climate Change Facilitator: Nicholas Ozor Objective: Role of renewable energy and energy efficiency in green growth, renewable energy and energy efficiency policies and incentives; case studies from African countries promoting renewables Participatory Activity 1: Participatory Activity 2:
12:15pm-1:15pm	Lunch
1:15pm-5:00pm	Field trip to renewable energy production facility Facilitator: Nicholas Ozor and Facility Tour Guide Objective: Learn about a specific renewable energy technology, its benefits, how it can be scaled up, and green jobs

Day 5: Friday, 22 January 2016

Time	Activity and Responsible person
9:00am–10:30am	<p>Communicating science to policymakers Facilitators: START, other module facilitators Objective: Learn how to communicate science and technical subject matter to policymakers. Use case studies from the modules as examples. Participatory Activity 1: Fellows discuss their experience, what worked and what did not work when trying to communicate science to a non-technical audience or to policymakers Participatory Activity 2: Fellows use the case studies and practice communicating through role playing and drafting short memos.</p>
10:30am–10:50am	Coffee and tea break
10:50am–12:15pm	<p>Cross-module linkages Facilitators: START, other module facilitators Objective: Identify linkages between modules. Use case studies of water and economics, green growth and gender, gender and water, green growth and economics, etc. Participatory Activity 1: Participatory Activity 2:</p>
12:15pm–1:15pm	Lunch
1:15pm–2:45pm	<p>Integrative activity: Preparation Facilitators: START Objective: Fellows internalize what was learned over the training by preparing a “presentation to a policymaker” in groups of 2 or 3. The presentation must incorporate at least 2 of the modules.</p>
2:45pm–3:00pm	Coffee and tea break
3:00pm–4:30pm	<p>Integrative activity: Delivery Facilitators: START Objective: Fellows give presentations to the group. Group members are assigned roles as government officials, policymakers, and international organization representatives. Fellows must communicate technical information from at least 2 of the modules to the group of policymakers.</p>
4:30pm–5:00pm	Closing remarks
4:30pm–4:40pm	Representative from UDSM
4:40pm–4:50pm	Edith Adera from IDRC
4:50pm–5:00pm	Niki West or SenayHabtezion from START
